Have you previously filled out this form for this course? Are there updates to a previous form?

Intermittent/Extended Absence Accommodation is designed to provide equal access to students in situations where the diagnosis of a documented disability could potentially result in consecutive or reoccurring absences. Please note, exceptions to attendance policies will be determined on an individual, case by case basis. For maximum efficacy in implementing this accommodation, as the instructor for the course, please help us in identifying the following:

Are you in agreement with the intermittent/extended absence accommodation without concern for potential fundamental alteration of the curriculum? Yes Please provide information below and return. If No, please complete & return the [Essential Abilities IEAF](#) form to myaccess@siue.edu.

Please list all activities the student is permitted to make up and how long they will have to submit the assignment/activity after an absence, either extended or intermittent.

Which activities are the student unable to miss or make up due to the nature of the activity as it relates to the essential requirements of this course? If the answer is none, please indicate so below:

If at any point in the semester the frequency or duration of absences becomes so significant that it appears a student may not be able to demonstrate competency or complete required course work by the end of the semester, and an incomplete is not an option, please contact access at myaccess@siue.edu to discuss remaining options.
