

Southwestern Illinois College

Associate in Arts

THEATER AND DANCE - Design/Technical Theater Emphasis

Completion of an Associate in Arts or Science degree at Southwestern Illinois College fulfills SIUE’s general education requirements, with the exception of an Interdisciplinary Studies course that all students must take during their junior and senior year at SIUE.

This “Transfer Program Guide” is an **example** of proposed curriculum for students to use while completing their associate’s degree. Reading, writing and math placement could alter the course sequencing and transfer date. Therefore students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying close attention to prerequisites. Students have the option of taking summer classes to lessen fall and spring course loads.

It is highly recommended that students meet with a SWIC advisor each semester. For additional information please contact the SIUE coordinator for advising and partnership programs in MC 1070. Please see “**Important Student Notes**” located on page of two of this transfer guide.

¹ While a Studio Art minor is not required, it is highly recommended that students wishing to specialize in Design/Technical Theater pursue a strong foundation in art courses, including two-dimensional and three-dimensional communication. This could require up to 21 additional hours above and beyond the 120 hours to complete the Bachelor’s degree. To help alleviate those additional hours, students could take ART 111, ART 112, ART 150, and ART 252 as their electives when completing the Associate in Arts.
