	This mentor's project is interdisciplinary in nature.	I

Are you willing to work with students from outside of your discipline? If yes, which other disciplines?

- Only similar fields

How many hours per week will your student(s) be required to work in this position?

(Minimum is 6 hours per week; typical is 9)

- 9 hours

Will it be possible for your student(s) to earn course credit?

- No

Location of research/creative activities:

- Alumni Hall 3333

Brief description of the nature of the research/creative activity?

Conducting literature reviews, organizing data/results obtained from a summer academy completed in 2024. Assisting with the creation of abstracts to submit for poster and podium presentations. Working on publications.

Brief description of student responsibilities?

Use Microsoft excel to organize the information such as literature reviews or data received from surveys.

URCA Assistant positions are designed to provide students with *research or creative activities* experience. As such, there should be measurable, appropriate outcome goals. What exactly should your student(s) have learned by the end of this experience?

By the end of the experience, the URCA student will identify the components of an abstract.

By the end of the experience, the URCA student will successfully assist in submitting an abstract to a National conference.

By the end of the experience, the URCA student will successfully assist in submitting a publication to a peer reviewed journal.

By the end of the experience, the student will meet their personal research objectives, which will be identified on the first meeting day.

Requirements of Students
